

Majd Al-Awajneh

Software Engineer

Amman, Jordan | +962-797424625 | majdmahmoud003@gmail.com | [LinkedIn](#) | [GitHub](#)

Professional Summary

Software Engineering graduate with hands-on experience in Full-Stack Web Development using ASP.NET Core, RESTful APIs, React, C#, JavaScript, and SQL. Skilled in developing responsive web applications and backend APIs, with practical training in modern software development practices. Seeking a Junior .NET / Full-Stack Developer opportunity to apply and further develop my technical skills.

Technical Skills

Languages & Technologies: HTML5, CSS3, JavaScript, C#, SQL

Frameworks: React.js, Next.js, ASP.NET Core

Tools: Git, GitHub, Visual Studio, Visual Studio Code

Training & Certifications

- **Full Stack Web Development Bootcamp – Coderz for Software and Training**
ASP.NET Core, RESTful APIs, React | 160 Training Hours | Oct 2025 – Feb 2026
- **Full Stack Development Training – Digital Opportunity Trust (DOT) Jordan**
130 Training Hours | May 2026
- **CSS Development – Orange Coursat**
Certificate of Completion | Aug 2025
- **HTML Development – Orange Coursat**
Certificate of Completion | Aug 2025

Projects

- **Personal Portfolio Website**
Developed a responsive portfolio using React.js to showcase projects and technical skills.
Implemented React Hooks (useState, useEffect) and responsive UI using CSS3.
Deployed the application on Vercel for public access and portfolio presentation.
- **NobileBit Academy | Educational Platform**
Developed a responsive educational platform using React.js to present courses, training programs, and learning content.
Built reusable frontend components and intuitive interfaces to improve maintainability, navigation, and user experience.
Structured the application to support future features such as user authentication, course enrollment, and learning progress tracking.

Work Experience

- **IT Operations and Support Specialist | Jordan Investors Association | Jul 2026 – Present**

Provided day-to-day IT and technical support, including system setup, software installation, troubleshooting, and user assistance.

Managed and maintained employee attendance records and monitored daily working hours.

Processed and tracked employee leave, permissions, and time-off requests.

Maintained accurate employee attendance and administrative records to support daily organizational operations.

- **Customer Service Agent | CSmena | Nov 2025 – Jun 2026**

Worked within the Operations Department as a Customer Service Agent, supporting daily operational and customer service activities.

Education

Bachelor of Software Engineering | 2021-2025

Amman Arab University

- Relevant Coursework: Web Development, Database Management (SQL), Software Architecture, and Data Structures.

Volunteer Experience

- **Core Consultant Network (CCN)**

Participated in volunteer initiatives promoting women's rights, participation, and social awareness.

- **Ready for Tomorrow project**

Completed a certified life-skills training workshop delivered through Liwan Youth Development Center and ActionAid Arab Region.

Languages: Arabic (Native) | English (B1) | German (A2)
